Community Support Network

*helping people with developmental delays
participate in this community*

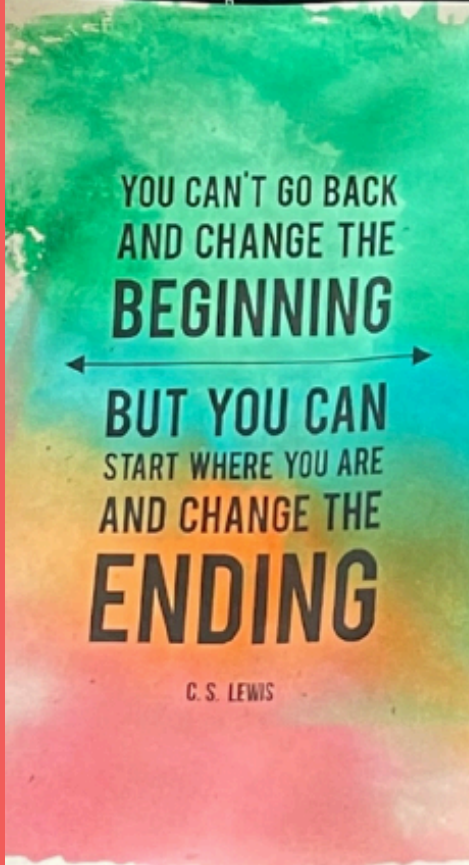

OUR MISSION

Community Support Network, Inc. is a non-profit organization committed to providing comprehensive day-time services to individuals with developmental disabilities. These day-time services include supported employment, recreation and leisure services, community integration, and case management.

Community Support Network, Inc. believes that all individuals, regardless of their level of functioning, should be integrated and supported in all aspects of community life. Community Support Network strives to promote natural supports and to develop a network of relationships for all consumers.

HISTORY

At CSN, we've been dedicated to making a positive impact on the lives of individuals with intellectual and developmental disabilities in Wisconsin for 33 years. We aim to empower lives through comprehensive day-time services, fostering self-determined journeys marked by personal growth, social interaction, and financial independence.

OUR TEAM

At CSN, our dedicated staff members are deeply involved in the day-to-day operations, providing crucial support and assistance to our clients. With each direct support worker boasting over a decade of service with CSN, their commitment and expertise are unparalleled. They play a pivotal role in directly providing services that enhance the overall well-being and development of individuals with developmental disabilities.

VOLUNTEERS

Volunteers Make a Difference

At CSN, our volunteers are the backbone of our community. Every month, they bring their talents and warmth, making a tangible difference in our lives. We are so grateful for their time and the thoughtfulness they bring each visit.

In 2023, one volunteer, skilled in photography, snapped professional portraits of each of us. These personalized photos, framed with our own hands, became cherished mementos of our time together.

One of our other volunteers is an amazing baker and brings cookies in for us to decorate. We talk about the baking process and make our own frosting to create fun, delicious treats.

Another volunteer has helped us to express ourselves through poetry. With her guidance, we delve into topics of personal interest, exploring our thoughts and emotions through the art of verse.

Thank you all for the time and the kindness
you bring with you to CSN!
